

This is my first try at an interim *Rhumb Line*. Since we are doing bi-monthly newsletters, you will be receiving a full *Rhumb Line* one month - and then the next month you'll receive a calendar of sorts. These will be switching month to month. By inserting a *Mini Rhumb Line*, we keep you from forgetting our activities. These activities will include what we know at the time of publishing; there will be others added as the year goes along. Also, separate emails will be sent out as activities get closer to time.

We had 25 participants at the Oyster Roast! Judy did a great job of thinking through every detail. Thanks to Tommy for setting up the clubhouse and cooking the oysters, etc., and Tim and Steve for manning the grill. Let's not forget all the fantastic members who always stay to clean up! An article and pictures will be in the March/April *Rhumb Line*.
